

AIGI HIGH QUALITY PACKINGS

AIGI 95 High Efficiency Pump/Valve Packing

DATA SHEET

AIGI 95 is an interbraid packing using a high quality Synthetic Fiber which is lubricated before and after braiding with PTFE dispersion and then finished with a unique break-in lubricant. Because of the lubrication through out the packing it offers extended packing life and dramatically reduces equipment damage.

Properties Value

Color	Brown
Temperature	260°C (500 F)
PH Range	PH 0-13
Max. Liner speed	8 m/s (3600 Ft/ min)
Pressure	35Kg/cm2 (510 PSI)

Service Media & Conditions

High efficiency pump packing for general service use against water, mild chemicals and light slurries

Application

Wide range for general sealing applications: Pumps, mixers, refiners, Valves, Agitators and other rotating equipment.

AIGI16 comes in all cross-sections (size) and 5 pound and 10 pound boxes
