

1 CUSTOMER / ENQUIRY DETAILS

Company *

Telephone *

Contact person / email

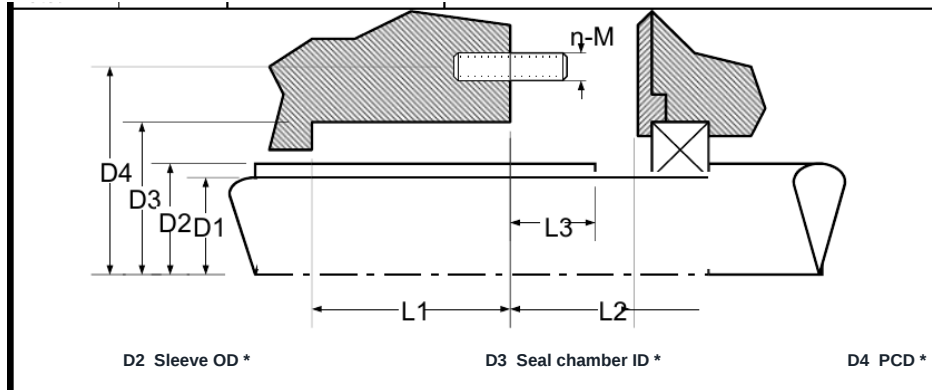

RFQ / enquiry number *

Date

Project / equipment tag

2 SEAL CHAMBER & SHAFT DIMENSIONS

Measure from the illustrated reference points. Record dimensions in millimetres.

D1 Shaft size *

D2 Sleeve OD *

D3 Seal chamber ID *

D4 PCD *

n-M Stud size *

L1 Depth *

L2 First obstruction *

L3 Sleeve length outside

3 EQUIPMENT & OPERATING INFORMATION

Equipment manufacturer

Model / type

Current sealing arrangement

Seal manufacturer / model

Current API 682 arrangement

Flushing temperature (°C)

Axial vibration (mm)

Radial vibration (mm)

Seal chamber pressure (MPa) *

Output pressure (MPa) *

Shaft speed (rpm) *

Rotation viewed from drive end

4 FLUID CHARACTERISTICS

Fluid / media type *

Operating temperature (°C) *

Solid / fluid ingredient

Concentration

Other fluid properties / hazards

5 MECHANICAL SEAL RECOMMENDATION / REQUIREMENTS

Seal type
Other comments / special requirements

Material / size
